Campsites

The two Campsites – one large and one small – are set in 2 acres on the edge of 8 acres of woodland. They can be reached through the woods from the Molivers Lane entrance. There is a padlocked gate to the bridle path, which is alongside 54, Woodland Drive, which can be unlocked if needed. The Camp Store has 5 toilets, 4 wash cubicles and 3 showers. It has step-free access and a wetroom (shower). Contact the bookings secretary for further information about accessibility. In the Camp Store there is an American style fridge-freezer, 2 sinks, 2 electric kettles and a microwave. The nightly fee includes use of kitchen equipment, which should be returned to the shelves in a clean and usable condition. Some tents are available for hire at additional cost – details can be requested. There is a flagpole on the smaller site near the Camp Store.

When arriving and departing please use the Molivers Lane entrance and walk through the woods. It is possible to drive a car down to the campsites but the state of the path / fallen branches would need to be assessed for suitability at the time. Cars should not be left by the camp shelter, apart from an emergency use vehicle, but parked in the Activity Centre car park.
